San yu kibri tide, yu feni tamara

Ce que tu préserves aujourd’hui, tu le trouves demain

Depuis plus de quinze ans, l'**association Mama Bobi et l'Office national de la chasse** et de la faune sauvage (ONCFS) œuvrent ensemble dans le domaine de la chasse, pratique intimement liée à l'histoire comme au quotidien des populations de la forêt de Guyane.

Ce partenariat fructueux se concrétise en particulier par le suivi des pratiques de chasse en Guyane, favorisant la transmission intergénérationnelle des connaissances traditionnelles et coutumières, ou encore par la sensibilisation interculturelle aux nouvelles réglementations.

Reposant sur cette collaboration désormais ancienne, le Guide du jeune chasseur que vous tenez entre les mains se veut un manuel tourné vers une chasse citoyenne, durable, et pratiquée en toute sécurité.

Ce livret entend également permettre une prise de conscience du formidable héritage de vie en commun que les populations de Guyane ont toujours entretenu avec la faune sauvage et son habitat. Aujourd’hui comme hier, il est de notre responsabilité individuelle et collective d’avoir des pratiques de chasse respectueuses de la biodiversité.

A vous donc, chers lecteurs, de vous inspirer du contenu de ce guide pour transmettre autour de vous les bonnes pratiques et les valeurs essentielles de la chasse !

Antoine Lamoraille, fondateur de Mama Bobi

Olivier Thibault, Directeur général de l’ONCFS
